

Dear, Professors and country representatives

According to the pandemic situation, now Thailand and many countries are in a critical period of COVID Delta infections. International traveling is may still prohibited untill next year among our APSP country's member. The health and safety of the participants for next APSP in Bangkok is of utmost importance to us. Therefore, the LOC of APSP 2021 and Professor Murakami had the discussion recently and we have made the difficult decision to postpone our meeting to August 29 – 30th, 2022. Prof. Murakami and I wouldlike to propose changing the name of meeting to “APSP 2022 Bangkok” instead.

I am disappointed and know this is a very challenging time for everyone. I appreciate your understanding and support to APSP.

I apologize for this inconvenience under this uncertain circumstance. If you have any question or require any further assistance, please do not hesitate to contact us.

Best Regards,
